Axionyx Green Planet

# Welcome to Axionyx Green Planet

**Green N Dreams Hortico was founded in 2022 as a design/build landscape firm to serve its surrounding areas.** Our mission is to design and build beautiful, creative and intelligent landscape solutions for excited and engaged clients. We strive to be the recognized leader in the landscape profession where our contributions make a lasting and positive impact on our communities, team members and industry.

Through collaboration between client, designer and our talented professional crew, each landscape we construct is a unique reflection our client's personality relative to their property. We are a people-focused company dedicated to establishing and maintaining good relationships with our clients. We love what we do and we love to share what we do with others.

Axionyx Green Planet

# Welcome to Axionyx Green Planet

Since its commencement, Green N Dreams has specialized in landscape services and tree growing. We take pride in the relationships that we have built over many years with our customers. Our solid reputation demonstrates our ability to turn exceptional ideas into beautiful reality. Our resources allow us to get things done right and fast.

**With vast experience, we have been able to work on a variety of large-scale projects in Delhi and NCR.**

**We have an extensive familiarity and understanding of the plants and trees that thrive in our tropical environment. Our plant nursery and tree farm offers you 60-acres of quality field-grown trees, palms, indoor and outdoor plants.**

# Vision & Mission

## Mission

By adding a touch of green we are developing a future that is healthier, cleaner and greener for future generations.

## WHAT WE DO

When space is a challenge and ‘know how’ an obstacle, don’t let your inclination towards having a green thumb die out. **Just Call us – 9958922480**

With superior skill sets and in-depth knowledge creating perfect landscapes is no longer a challenge, with innovative ideas and prolific experience, we deploy IOT and AI based incredible landscapes in a short span of time. Our team of best horticulturists and consultants can develop amazingly prolific and scalable landscape to add new horizons to the property.

Axionyx Green Planet

# Landscape Development

We offer a diverse range of horticulture landscape development maintenance services to the customers, our offer includes developing landscapes for residential and commercial properties.

**Where its a real estate developer project, corporate park, commercial infrastructure, farmhouse, villa or a balcony garden, we do it by leveraging latest concepts and technologies to produce better results.**

# Green Terrace

We design and implement incredible green roofs that appeal to visitors, homeowners and businesses. Green roof lasts longer than conventional roofs, reduces energy cost, offers peaceful retreats. It helps environment, improves air quality, contributes to reduce urban heat island effect as well as supplements traditional vegetation without disrupting infrastructure as it utilizes neglected space and makes it useful.

**Green Terrace is the way to utilize every bit of space, a well planned roof top can offer a lot to the owners as well as to environment.**

# AIR PURIFIER GREEN WALL

Several studies reveal, modern sealed buildings are 10 – 15 times more polluted than the outdoors, there are various chemical agents present in and around living areas, modern construction techniques, use of synthetic materials, poor ventilation, electronics, flooring etc. emit life threatening gases, a long exposure leads to catastrophic diseases.

**Green wall is the best way to neutralize indoor air pollution, wisely chosen air purifier plants create exotic paradise inside the house.**

## Benefits of Living Wall

- Greater Plant Concentration
- Active Air Flow
- Additional Filtration
- Remove air pollutants
- Reduce noise
- Health benefits
- Improve sense of well-being
- Improve biodiversity

*Air purifier green wall plans start at an appropriate budget.*

# LANDSCAPE MAINTENANCE SERVICES

With our comprehensive experience and expertise we offer quality driven landscape maintenance services in Delhi, Gurgaon, Noida and almost all over India, we have budget and highly skilled staff to cater different types of landscape maintenance requirements. Landscaping is not only about installing expensive plants and tree, its more about their maintenance, even common trees and plants can offer incredible elegance when maintained.

Landscape maintenance has five major aspects : Watering – Weed control – Fertilization – Pest control and Trimming. Imbalance of any of these results harmful effect on plants growth while balanced implication helps to ever green, elegant and appealing landscape.

As present trend, a person unfit for labor jobs becomes gardener, such gardeners are deployed to maintain the largest landscapes. With their sincere efforts they can deal with Watering, Weed control and Trimming but certainly not the Fertilization and Pest control. If its expected to have ever growing favourite plants, specialised gardeners are required who are trained and understand well about these aspects.

**Rental for full time verified & trained gardeners.**

Axionyx Green Planet

# GARDEN MAINTENANCE SERVICES

We offer quality maintenance services for all type of home gardens, we have trained professional staff to cater the requirements of old style gardens by traditional gardeners and botanist for sophisticated modern technology based scientific gardens. Garden maintenance requires experience and expertise to understand the requirements of different type of plants and serve them what they need at right time.

As we belong to North India biggest production Hub, we deliver the most experienced Gardeners, Horticulture experts for maintenance of garden and landscapes.
